

VITRASTONE

STRONGER LIKE STONE

800X2400 MM

The right technology always makes the world a better place.

In the world of tiles, Continua Plus is one such technology.

• HIGHLIGHTS •

- Fully Automatic Pressing Technology to produce large slabs •
- Superior surface flatness when compared to conventional pressing •
 - Consistent and homogeneous density •
- Greater body strength and flexibility due to uniform roller pressing •
 - Unequalled shine, perfect slab planarity •

FEATURES

Trending for some time now, these tiles are ultra fashionable and are there to create lasting impressions. It comes with a variety of features, as mentioned below.

Heat Resistant

Low Maintenance

High Impact Resistant

Frost Resistant

Chemical Resistant

0% Water Absorption

High Flexural Strength

High Abrasion Resistant

Fire Resistant

APPROACH AREAS

Incorporating the touch of luxurious comfort into your ambience that reflects the essence of royalty while infusing the invigorating color and design that will be beautifully changing the atmosphere with the wow factor that can be used in many areas.

With all the designs, your ambience will be infused with luxury touches that will knock your socks off. We strive to bring you the best of excellence of your decor, that not only enhances the best design options, but also improves the quality! An influx of natural beauty into a space can immediately create a stunning appearance that draws

26	Chemical Resistance HIGH CONCENTRATIONS ACID & ALKALIES	Test method available	Required	Confirm to classes-UHB*	Confirm to classes-GHB*	ISO 10545:13/IS:13630 (P-8)

Resistance to acids & alkalis (Exception of Hydrofluoric acid & its compounds)

** Vitrified tiles have resistance to most of the stains / chemicals but, it is recommended to take due care while laying and for day-to-day maintenance.

* Applicable in Gailpur plant only.

- Colours in the catalogue are as accurate as printing process allows. Please check actual tile sample before making the final selection.
- Sizes mentioned in the catalogue are nominal sizes only.
- No claim will be entertained once the tiles are fixed.
- For better laying, please follow the instructions on the packaging box.
- In case it is required to lay the tiles on wall or floor in STAGGERED PATTERN, then always lay them in Overlap 20:80 ratio, as shown in VISUAL 1 instead of Brick pattern (overlap 50:50 ratio), as shown in VISUAL 2.

Please make sure to check the shade/finish with the sales agent/dealer before making the final purchase because there might be variation in actual finish and that shown in the catalogue. The company will not bear any loss in such case.
